What is your child really good at?

What do they most enjoy doing?

What do they struggle with?

Is there anything else we need to know about your child?

We hope that this will be a year of community building. Our children come from many different towns and schools, and sometimes feel awkward because they don't know each other well. And sometimes their parents don't know each other. We hope that you (parents) can participate in some activities, and get to know each other and these wonderful young people.

Thank you for your time!
